# Company Profile

Delivering Reliable Industrial Solutions  
For A Safer Tomorrow

## INDUSTRIAL PRODUCTS & ENGINEERING SERVICES

Your Trusted Partner For  
Industrial Solutions

OIL & GAS

PETROCHEMICAL

POWER

WATER

MARINE

INDUSTRIAL

## ABOUT ODC

Organizational Development Company (ODC) is a Saudi Arabian company supplying a comprehensive range of industrial products and providing specialized engineering services to the Oil & Gas, Petrochemical, Power, Water, Marine and Industrial sectors.

Our commitment is to provide quality products, reliable services and technical solutions that help our customers improve safety, productivity and operational performance.

### Our Mission

To deliver reliable industrial products and engineering services while maintaining the highest standards of quality, safety and customer satisfaction.

### Our Vision

To be recognized as one of the most trusted industrial solution providers in Saudi Arabia through innovation, reliability and long-term partnerships

### Core Values

- Integrity
- Quality
- Safety
- Teamwork
- Commitment
- Customer Focus

## INDUSTRIES WE SERVE

- Oil & Gas
- Petrochemical
- Refineries
- Power Generation
- Water & Desalination
- Marine
- EPC Contractors
- Industrial Plants
- Manufacturing
- Infrastructure

## WHY CHOOSE ODC?

- ✓ High Quality Products
- ✓ Competitive Pricing
- ✓ Fast Delivery
- ✓ Technical Support
- ✓ Experienced Team
- ✓ Reliable Supply Chain
- ✓ Customer Satisfaction
- ✓ HSE Commitment

## PIPE & FITTINGS

Organizational Development Company (ODC) An ideal partner for your piping purchasing requirements. We provide a wide range of superior piping materials in carbon, Moys, stainless and special grade materials including super duplex, duplex, hastelloy, incoloy, titanium, 6% moly, and nickel alloys. With our close network with manufactures & stockiest.

ODC is enable to offer comprehensive supply capabilities for non standard piping components and piping fabrication.

## Our Products Are

### Filters, Internals **Authorized Distributor**

At Organizational Development Company (ODC), we supply a comprehensive range of high-performance industrial filtration solutions designed to meet the demanding requirements of the oil & gas, petrochemical, power, water treatment, and general industrial sectors.

### OUR PRODUCTS:

#### Liquid/Solid Filtration

- Invicta® Cartridge Filters and Vessels
- Clarify® Cartridge Filters and Vessels
- Torrent® High-Flow Filters and Vessels
- Sieva® Bag Filtration Cartridges and Vessels

#### Liquid-Liquid Separation

- Strata® Liquid-Liquid Coalescers and Vessels
- Strata Emerald® Hydrocarbon Absorption Technology

#### Gas/Liquid Separation

- Cyphon® Gas Coalescers and Vessels
- Protection Of downstream equipment and instruments

#### Gas/Solid Filtration

- Tersus® Gas Filter Cartridges and Vessels
- Seprum® Gas Separation Cartridges and Vessels

#### Replacement filter elements

FTC Houston USA manufactures a broad range of high-efficiency pleated cartridges to meet the stringent requirements of the markets we serve. Our products come in a wide range of materials of construction, geometries, and micron ratings. We also offer cost-effective alternatives for most industry-standard elements, as well as industry-leading proprietary element designs

## Control Valve

- 2way Globe(Angle) Control Valve- Unbalanced Plug Type- Quick CharTrim
- 2way Globe(Angle) Control Valve- Balanced Plug Type Quick Change Trim
- 3way Globe Control Valve- Mixing & Diverting Type Quick Change Trim
- Pressure Reducing Desuperheater system (PROS)
- Desuperheater
- Self Pressure Regulating Valve (SRV)
- Tripleoffset Butterflyvalve
- Trunnion Type Ballvalve
- Linear Type Pneumatic Diaphragm Actuator
- Rotary Type Pneumatic Diaphragm Actuator
- Linear Type Pneumatic Cylinder Actuator
- Rotary Type Heavy-Patio Culinder Actuator

## Forged Valve

- Type: Gate, Globe, Check Valve& Strainer, Bolted Bonnet, Welded Bonnet, NPT/SW Ends / Welding type flanged
- Operation: Manual Handwheel & Electric & Pneumatic Actuator

## DBB Plug Valve

- Type: Double Block & Bleed Plug Valve
- Rating: ANSI Class 150, 300, 600
- Size: 2 Inch to 24 Inch
- Connection: Flanged, Screwed, Socket Welded, Butt W
- Operation: Wrench & Gear

Gate Valve

Globe Valve

## Gate Valve

Type: Bolted Bonnet, Pressure Seal Bonnet, Rating: ANSI Class 150 to 2500 Size: 2 Inch to 60 Inch Operation: Manual Handwheel & Gear, Electric & Pneumatic Actuator

## Globe Valve

Type: Bolted Bonnet, Pressure Seal Bonnet, Rating: ANSI Class 150 to 2500, Size: 2 Inch to 30 Inch, Operation: Manual Handwheel & Gear, Electric & Pneumatic Actuator

Butterfly Valve

Check Valve

## Butterfly Valve

Type: Concentric Type, (Double) Eccentric Type/Triple-Offset, Wafer, Lug & Flange Type, Rating: ANSI Class 150 to 300, Size: 2 Inch to 120 Inch, Operation: Manual Handwheel & Gear, Electric & Pneumatic Actuator

## Check Valve

Type: Bolted Cover, Pressure Seal Cover, Rating: ANSI Class 150 to 2500, Size: 2 Inch to 60 Inch, Operation: Swing Type, Dual Plate Wafer Type, Lift (Piston) Type

## Ball Valve

Type: Floating Ball, Trunnion Ball, Fully Welded Ball, Top Entry Ball, 3-Way Ball Rating: ANSI Class 150 to 2500, Size: 2 Inch to 30 Inch, Operation: Manual Lever & Gear, Electric & Pneumatic Actuator

Ball Valve

Strainers

## Strainers

Type: Y-Type, T-Type, Basket Type, Conical Strainer, Casting & Welding Construction Rating: ANSI Class 150 to 900 Size: 2 Inch to 60 Inch

**VARIABLE SPEED PULLEYS**

## Our Key Strengths

### STRUCTURAL STEEL FIREPROOFING

Intumescent coatings for structural steel providing up to 120 minutes fire resistance.

### CABLE FIREPROOFING

Intumescent cable coatings tested up to 90 minutes for power & control cables.

### FIREPROOF FLOOR SYSTEMS

Fire resistant floor coatings and systems to maintain structural integrity during fire.

### FIREPROOF COATING APPLICATION

Professional application by qualified and experienced team.

## Key Advantages of Improved Structural Design

# INDUSTRIAL PAINTING & PROTECTIVE COATING

## APCS COATING

Advanced Polymeric Coating Custom formulated by system for corrosion protection.

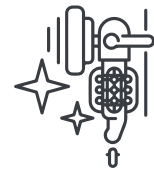

## INDUSTRIAL PAINTING

High performance painting for equipment, structures and facilities.

## ABRASIVE BLASTING

Surface preparation to international standards (Sa 2.5/SSPC-SP101).

## SURFACE PREPARATION

Complete surface preparation for maximum coating performance.

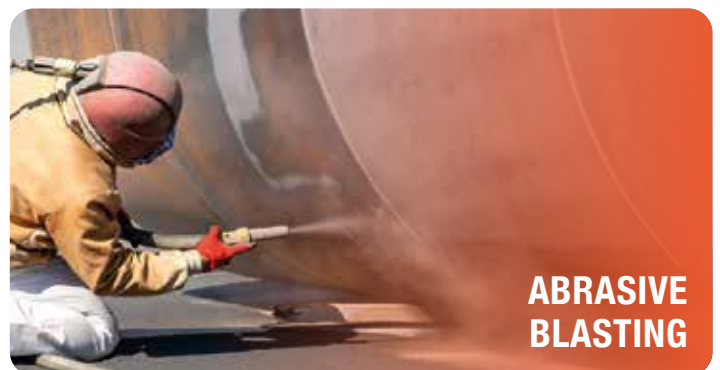

TANK PAINTING

PIPE SPOOL PAINTING

STRUCTURAL STEEL PAINTING

ABRASIVE BLASTING

## Key Benefits & Solutions

CORROSION PROTECTION

EXTENDED ASSET LIFE

COST EFFECTIVE SOLUTIONS

QUALITY WORKMANSHIP & SAFE EXECUTION

# Building Partnerships Delivering Solutions Ensuring Safety
